

Class and Registration Information

Hawaii Ballroom Dance Association's second quarter classes at the Aiea Dance Studio will commence on Monday, August 2, 2021, and end on September 25, 2021. The City and County of Honolulu's Reopening Strategy has been upgraded to Tier 4 which allows us to conduct our dance program like pre-pandemic days.

Starting in August, HBDA will eliminate line dancing and teaching in the shine positions. Instructors and students will be required to show proof of full vaccination or test results have been negative for COVID-19 within the past (48) hours. HBDA will continue our safety protocols which includes wearing masks, disinfecting the dance studio after each class, providing hand sanitizers and liquid soap, and not allowing visitors.

Students can now either register electronically via the Studio Director or personally at the beginning of class. HBDA will no longer register students via email.

Classes at the outlying Oahu chapters, Central Maui and East Hawaii are on hold until further notice. Please check with your chapter officers or dance instructors for updates.
